3 x Gordon Smith Single Coil PickUps in White

Model : -

Manufacturer : -

Product Description: Here we have the fantastic Gordon Smith's Fender Stratocaster Single coil PickUps in White. These give very much late 60s/early 70s sounds. Warm, organic and very dynamic. Think Blackmoor, Gilmour, Hendricks. These are amazing PickUps, three are retailed for £177, so save yourself almost £100. Grab yourself a bargain. I only used them for 2/3 months before changing to a scratchplate with HSH PickUps so they were no longer needed. The Gordon Smith's are known to be great sounding with great punch and sustain. When you push them to overdrive, they become mean without losing their note definition in chords or single/double notes.
